Resourceful and versatile problem solver with a remarkable ability for learning.

My two little children live in Luxembourg and therefore I will prioritise offers in the region.

EDUCATION

BSc and PhD in chemistry.

SCIENCE

Computational chemistry 15 years
computer-aided drug design

Organic chemistry 7 years
organic synthesis
medicinal chemistry

Molecular, cellular and structural biology.

16 publications in high-impact peer-reviewed scientific journals and one patent.

TEACHING

College undergraduate 5 years
online 2 years

College postgraduate 3 years
online 1 year

Secondary school 2 years
online 1.5 years

Subjects: General chemistry, organic chemistry, biology, bioinformatics, cheminformatics, Python, computer-aided drug design.

Teaching languages: English and French.

Active learning and Montessori.

IT SUPPORT

Level 3 (English) 6 months
Windows Server 2012, 2016, 2019. Performance, high availability, storage, Active Directory, networking, Hyper-V, CaseBuddy.

Level 1 (French) 6 months
